The Aromas Grange will have an AED & CPR class on March 8th from 2:00 -3:30 p.m. Everyone in our community is encouraged to attend. We received the AED because of Zack Tomasini's Eagle Scout project.
The automated external defibrillator (AED) automatically diagnoses life threatening cardiac arrhythmias and allows the heart to reestablish effective heart rhythms and is very simple to use. Bring your friends & neighbors. Hopefully you'll never have to use it, but it's nice to know we have it and know how to use it.

Grange Barbecue Area ~ Our thanks to Zack Kirkpatrick for his Eagle Scout project. We now have lights and an oscillating fan above the barbecue area . We also saw Joe Yetter and Sherry & Justin Mundy-Blair helping out. As an added bonus, they also put a primer coat of paint on the shed. The whole area is all spruced up. Check it out.

Take the Trash Bag Challenge

Aromas 4-H is asking residents of the surrounding area to fill one bag of trash from any place, then dispose of it appropriately. Trash bag kits including instructions and a postcard will be available at the Grange breakfast, and around town. Send in the postcard telling us where you fulfilled the challenge and it will be posted on the Trash Bag Challenge "Wall of Fame."

This is just another service project of Aromas 4-H making our community a better place.
